

Manson Business Association

Membership Application

Our Purpose

Manson Business Association is a non-profit organization with the primary objective of improving both our community and the business environment of Manson. We work hand in hand with the Lake Chelan Chamber of Commerce to support the overall "Chelan Valley" marketing effort. But we specifically strive to bring greater awareness and focus to Manson and the features and amenities we offer. From our beautiful wineries and agriculture, to the boutiques nestled downtown, and our growing recognition as a destination for dining, entertainment and accommodations. In many ways, Manson is the crown jewel here in the Chelan Valley! We desire that ALL businesses benefit by working together for mutual success!
